Venkat Asrith Konam

AI Product Engineer Intern @ TechMecha Torque | Main Coordinator @ CSHub | Main Coordinator @ YUGA 2026 | Full Stack Developer (MERN) | AI Agents • Generative AI • RAG Systems | Technical Mentor | Problem Solver

Greater Hyderabad Area

Summary

My journey within the organization has enabled me to work across multiple domains, beginning with growth marketing and brand strategy, progressing into enterprise software development, and currently focusing on AI-powered product development and intelligent automation systems.Key Responsibilities & Contributions:• Developing AI-powered solutions using Large Language Models (LLMs), AI Agents, Prompt Engineering, and Retrieval-Augmented Generation (RAG) architectures.• Building scalable enterprise applications including CRM platforms, Intern Management Systems (IMS), and workflow automation solutions using the MERN Stack.• Designing and implementing product workflows, system architectures, user experiences, and business process automation initiatives.• Contributing to company growth through strategic marketing campaigns, digital branding initiatives, content creation, graphic design, and promotional video production.• Supporting product planning, feature ideation, requirement analysis, and technology-driven business solutions.• Participating in the development of startup operations, innovation initiatives, and technology adoption strategies.Leadership & Community Contributions:• Chairman – CSHub, leading student-driven technology initiatives, technical communities, and collaborative learning programs.• Main Coordinator – YUGA 2026, contributing to event planning, execution, team coordination, and participant engagement.• Main Coordinator – Freshers 2024, managing event operations and student onboarding activities.Technical Skills:Artificial Intelligence (AI) • Generative AI • AI Agents • Retrieval-Augmented Generation (RAG) • Python • React.js • Node.js • Express.js • MongoDB • Java • Spring Boot • JDBC • REST APIs • Full Stack Development • Product Development • System Design • Prompt Engineering • Workflow Automation • Graphic Design • Video Editing • Content Strategy • Growth MarketingAchievements:• Built and

enhanced CRM and Intern Management Systems for organizational operations.• Conducted Python & Generative AI Bootcamps focused on skill development and technology awareness.• Contributed to startup growth through technology, marketing, and community-building initiatives.• Ranked among the top coding performers in college coding communities and actively engaged in competitive programming and technical learning.Passionate about building impactful technology products, empowering learners through mentorship, and leveraging AI to solve real-world challenges.

Experience

TechMecha Torque

1 year

AI Solutions Engineer & Technical Mentor

May 2026 - Present (5 months)

Sangareddy

Designing and developing AI-powered applications using Large Language Models (LLMs), AI Agents, and Retrieval-Augmented Generation (RAG) architectures.

• Building intelligent automation systems to improve productivity and operational efficiency.

• Researching and implementing emerging AI technologies for real-world business applications.

• Conducting Python and Generative AI bootcamps, workshops, and technical mentoring sessions.

• Guiding students and aspiring developers in programming fundamentals, AI concepts, and project development.

• Contributing to the company's AI strategy and innovation initiatives

Full Stack Developer – Enterprise Solutions

January 2026 - April 2026 (4 months)

Sangareddy

Developed and maintained enterprise applications including CRM and Intern Management Systems using the MERN Stack.

• Built scalable frontend interfaces and backend services to streamline organizational workflows.

• Designed database structures, REST APIs, and role-based access systems.

• Participated in system architecture discussions, feature planning, and product enhancements.

• Worked closely with stakeholders to translate business requirements into technical solutions.

Growth Marketing & Brand Strategy Intern
October 2025 - December 2025 (3 months)
Sangareddy

Developed and executed brand awareness and growth marketing initiatives.
• Created promotional designs, digital content, and marketing collateral.
• Produced and edited videos for campaigns, product promotions, and company outreach.
• Assisted in product positioning, solution conceptualization, and strategic communication efforts.
• Supported business development and industry engagement activities.

CS HUB JNTUH UCES
Chairman
July 2025 - Present (1 year 3 months)
Sangareddy

Leading a student-driven technology community focused on fostering technical excellence, innovation, collaboration, and professional development.
• Planning and executing technical workshops, coding sessions, bootcamps, and community engagement initiatives.
• Managing cross-functional teams and coordinating activities across multiple technical domains to ensure smooth execution of events and programs.
• Driving strategic initiatives aimed at enhancing student participation, technical learning, and industry readiness.
• Building partnerships, mentoring members, and creating opportunities for peer-to-peer learning and skill development.
• Promoting a culture of leadership, innovation, and continuous learning within the student technology ecosystem.

YUGA2026
Main coordinator
February 2026 - May 2026 (4 months)
Sangareddy

Led the planning, coordination, and execution of one of the institution's flagship techno-cultural events involving participants from multiple academic departments.
• Managed financial planning, budget allocation, expense tracking, and resource utilization to ensure successful event delivery.

• Coordinated with faculty, administrative teams, sponsors, student committees, and external stakeholders to streamline event operations.
• Oversaw permissions, logistics, venue arrangements, scheduling, and operational planning for technical, cultural, and sports activities.
• Led and coordinated teams across 5+ departments, ensuring effective communication, collaboration, and timely execution of responsibilities.
• Contributed to the successful organization of technical bootcamps, competitions, workshops, hackathons, and cultural programs.
• Played a key role in participant engagement, conflict resolution, decision-making, and on-ground leadership during event execution.
• Supported sports management activities and promoted interdepartmental collaboration to enhance participant experience.
• Demonstrated leadership, organizational excellence, and problem-solving abilities while managing large-scale event operations.

Education

JNTUH College of Engineering Sultanpur

Bachelor of Technology - BTech, Computer science and engineering · (July 2023 - August 2027)

Sri Chaitanya College of Education

Intermidiate · (June 2021 - April 2023)

Zilla Parishad High School

· (June 2018 - April 2021)
